Sub: Sealed Bids are invited for assisting “PFCCL in obtaining Forest & Environment clearance in respect of Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks (MoC In-principle agreed to reallocate to 4000 MW Ultra Mega Power Project near Bhedabahal in the State of Odisha)”

Sir,

PFC Consulting Limited (PFCCL) (“Client”) is assisting Orissa Integrated Power Limited (OIPL), an SPV created as a wholly owned subsidiary of Power Finance Corporation Ltd. in the selection of developer for setting up of 4000 MW Ultra Mega Power Project near Bhedabahal in the State of Odisha, as per “Guidelines for Determination of Tariff through transparent process of bidding for procurement of power from Ultra Mega Power Projects (UMPPs) based on allocation of Captive Coal Block and to be set up on Build, Own and Operate (BOO) basis” to be issued by Ministry of Power, Govt. of India. PFCCL wishes to avail services of a Consulting organisation to undertake Consultancy assignment for assisting “PFCCL in obtaining Forest & Environment clearance in respect of Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks (MoC In-principle agreed to reallocate to 4000 MW Ultra Mega Power Project near Bhedabahal in the State of Odisha)”.

a) Project Background: MoP has taken the initiative for facilitating the development of UMPPs under Guidelines for Determination of Tariff through transparent process of bidding for procurement of power from Ultra Mega Power Projects (UMPPs) based on allocation of Captive Coal Block and to be set up on Build, Own and Operate (BOO) basis. Central Electricity Authority (CEA) is the Technical partner and Power Finance Corporation (PFC) is the Nodal Agency for the initiative. Orissa Integrated Power Ltd (OIPL) a wholly owned subsidiary of Power Finance Corporation Ltd. has been incorporated to undertake activities for obtaining various clearances, approvals and linkages including bidding process for selection of developer for Odisha UMPP at Sundargarh district of Odisha as per the Guidelines issued by Ministry of Power, Govt. of India. In accordance to the new Guidelines PFC has incorporated another SPV (Infrastructure SPV) i.e. Odisha Infrapower Limited (OINPL)

b) Project Description:

The Annual requirement of fuel for Odisha UMPP has been estimated to about 19-20 MT Coal. Captive coal mines namely Meenakshi (285 MT), Meenakshi-B (254MT), Dip side of Meenakshi (299 MT) have been allocated by Ministry of Coal to OIPL for the above purpose. The coal will move from pit head to coal loading point at Dhuka chowk through a 6km belt conveyer system. In this point, Coal will be loaded mechanically from overhead silos in rakes
comprising BOBRN wagons. After loading, the coal would be transported through MGR system of about 64 Kms loop length (aerial distance of 31 Kms).

The three coal blocks Meenakshi, Meenakshi-B, and Dipside of Meenakshi is located in the Hemgiri Tehsil of district Sundargarh in the state of Odisha. Total Land requirement of coal block area is approx. 1308 ha (492 ha for Menakshi, 486 ha for Meenakshi-B and 330 ha for Dip Side of Meenakshi coal blocks). Additional land requirement of non coal bearing area is87.0 ha. The coal block area tentatively involves 102 ha of Reserve/ Protected Forest, 332 Ha Revenue Forest, 236 Ha of Govt Land and 638 Ha of Private Land. The additional land requirement involves 33 ha for township, road, workshop, mine infrastructure etc. and 23.2 ha for conveyor corridor.

The following reports are available with PFCCL relating to the coal blocks:

i) Geological Report of Meenakshi Coal block  
ii) Geological Appraisal Note of Meenakshi-B and Dipside of Meenakshi coal block  
iii) Certified copy of Coal Block Boundary by CMPDIL and block boundary plan prepared by ORSAC using DGPS.  
iv) Feasibility Report for coal Transportation of coal to Odisha UMPP.

CMPDIL has already carried out Regional Exploration in Meenakshi-B and Dipside of Meenakshi coal block area. Based on this, Geological Appraisal Note has been prepared by CMPDIL. The work for Integrated GR of all three coal blocks will be also awarded to MECL after getting the GR of Meenakshi- B & dip side of Meenakshi coal blocks.

Further, PFCCL has awarded MECL for detailed exploration and preparation of GR for Meenakshi-B & Dip side of Meenakshi coal block. The Mining plan for the Meenakshi Coal block is under preparation by CMPDIL. The Integrated Mining plan of all three coal blocks will be also awarded to CMPDIL after getting the combined GR of all the three coal blocks.

The prospective bidders may see these reports available at PFCCL office before bidding and copies of these documents shall be made available to the successful bidder.

The scope of work covers Pre-Feasibility Report for getting ToR, EIA & EMP Studies, Environment Clearance, Wild Life Management Plan, Water Management Plan, Consent to Establish, SIA studies, R&R Plans, CSR Plan & Forest Clearance. The detailed scope of work is given below:

1.0 SCOPE OF WORK

(I) PREPARATION OF PRE-FEASIBILITY REPORT:

A. The proposed work involves preparation of PFR for all the three coal blocks together by projecting it for an opencast mine with an annual capacity of 18-20 MTY. The PFR shall take into consideration all aspects of coal quality and capital cost. The objective of PFR is to obtain ToR and prior environmental clearance.

environmental clearance in terms of the provisions of EIA notification, 2006. The PFR is to be prepared for the purpose of obtaining ToR in respect of Environment clearance. Agencies/Consultants are required to adhere to these guidelines including addendum/amendments if any, for preparation of PFR.

C. The PFR shall take into consideration all aspects of Geology and Conceptual mine development & Mining methods for 18-20 MTPA Production for Odisha UMPP.

D. The contents of the pre-feasibility report shall be comprehensive enough and provide necessary information required for scoping the project and prescribing ToR for MoEF.

E. The consultant shall give presentations of PFR before PFCCL after submission of draft PFR. The consultant shall carry out modifications/alterations in the PFR in consultation with PFCCL.

F. Broadly, the PFR shall contain the chapters & contents as elaborated below. Consultant can also provide further suggestion on the contents of PFR.

(II) **EIA & EMP STUDIES, ENVIRONMENT CLEARANCE, WILD LIFE MANAGEMENT PLAN, WATER MANAGEMENT PLAN, CONSENT TO ESTABLISH, SOCIAL IMPACT ASSESSMENT STUDIES & R&R PLANS, CSR PLAN.**

The broad scope of work of the Consultant shall be to undertake EIA/EMP studies and other related studies and assist and advise the Client in obtaining approvals in respect of Environmental Clearance, Consent to Establish, Water allocation, R&R and CSR plans, Wild Life plans, Social Impact Assessment and other related clearances for Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks.

The broad scope of services shall include but not limited to the following:
- EIA and EMP Studies
- Ecological Studies
- Preparation of Wild life Management Plan
- Socio Economic Studies including Rehabilitation and Resettlement Plan and detailed CSR Plans
- Social Impact Assessment
- Hydrology and Hydro-Geology Studies
- Preparation of Water Management Plan

(A) **ACTIVITIES TO BE CARRIED OUT FOR EIA & EMP STUDIES AND OBTAINING ENVIRONMENTAL CLEARANCE.**

The consultant shall undertake detailed EIA&EMP studies for getting environmental clearance from MoEF as per EIA Notification, 2006 and amendments thereof and in
compliance with Terms of Reference of MoEF. The study area will comprise of core zone (i.e. Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks allocated to 4000 MW Odisha Ultra Mega Power Project and also the coal conveyor corridor from the three mine blocks to the loading point of MGR corridor) and buffer zone (10 Km all around the periphery of the core zone). **The EIA-EMP should be prepared by organization, which must be in the accreditation list of EIA consulting organization by QCI/NABET for accreditation of EIA consultant organization for large open cast mining projects of Category ‘A’ as per EIA notification.** The firm/organization may submit bid in Consortium and it is necessary that one of the consortium Member must be accredited by QCI/NABET for accreditation of EIA consultant organization for large open cast mining projects of Category ‘A’ as per EIA notification. The consultant shall make itself informed with the EIA Notification, 2006 and amendments thereof, Model ToR for EIA/EMP of mining of Minerals and the Guidelines/manuals issued by MoEF/SPCB/State Government while undertaking the following scope of works

i) **Formulation & Submission of an application online at the e-portal of MoEF & CC in Form – 1 for proposed project.**

ii) **Preparation & Presentation of Terms of reference (TOR) at MoEF & CC.**

iii) **Assisting and in obtaining approval of TOR by MoEF & CC.**

iv) **Base line data generation – As per EIA notification 2006 and its amendments till date and TOR issued by MoEF & CC.**

v) **Preparation of Land Use Plan (Existing land use details) i.e., details of land-use breakup of the lease area and study area should be based on land use - details of agricultural land, forest land, wasteland, grazing land, surface water bodies, settlements, etc.**

vi) **Carrying out EIA & preparing EMP as per MoEF & CC Guidelines.**

vii) **Preparation of Draft EIA report after incorporating compliances with all the requirements of TOR as stipulated by MoEF & CC from time to time.**

viii) **Preparation of application, executive summary in English & Oriya and submission of draft EIA/EMP Report to OSPCB for Public hearing.**

ix) **Providing all assistance for conducting Public hearing and Presentation of the EIA during public hearing.**

x) **Preparation of minutes of public hearing and obtaining Signature(s)**

xi) **Finalisation / revision of EIA/EMP Report based on public hearing feedback.**

xii) **Assisting in submission of minutes of Public hearing & video by OSPCB to MoEF & CC.**
xiii) Preparation of final EIA report after public hearing and incorporating all issues raised during the hearing.

xiv) Assisting in submission of final EIA/EMP (with adequate number of copies in English and regional languages) by project proponent to Public Hearing committee, SPCB and Expert Appraisal Committee (EAC) of MOEF&CC.

xv) The consultant shall undertake any additional studies if required or as suggested by MoEF&CC/SPCB/During Public Hearing without any additional cost.

xvi) Assisting in appraisal of EIA/EMP by MoEF & CC and submit all clarifications/replies to queries from the SPCB/MOEF&CC.

xvii) Make EIA/EMP Presentation to Expert Appraisal committee of MoEF&CC.

xviii) The Consultant shall provide necessary assistance including follow up and also obtaining the necessary approvals and Environment Clearance from MoEF&CC.

Apart from data generated, the EIA study will have to be done using data to be collected by the Consultant from field and other relevant sources as desired for the study area comprising of the following:

i) Details of fauna (wild & domestic), flora within a distance of 10 km. radius from the project site (including forest details/type) and get it duly authentication by local Forest department.

ii) Major habitat within 10 km. radius.

iii) Major industries within 10 km. radius.

iv) Sensitive place / historical monuments and sanctuaries, national park, biosphere reserve, tiger reserve/elephant reserve/wild life migratory routes in core and buffer zone.

v) Land use pattern and land use categories such as agricultural (irrigated/non irrigated, number of crops), barren, forest etc. existing in the in core and buffer zone.

vi) Demography and socio-economic data based on last available census data for entire study area.

vii) Relevant meteorological data for previous decades, as per availability from Indian Meteorological department (IMD).

viii) Study of present environment protection and mitigation measures in nearby operating similar project if any.

ix) Geo-hydrological aspects based on available data from various sources.
x) Identification of water bodies, hills, roads, etc. and land use within 10 km. radius and collecting data regarding discharge of stream and flood levels etc. from existing records if any river lies in study area.

xi) Any other data required as per the model TOR of MoEF& CC.

The environmental impacts would be anticipated in core and buffer zone.

- Topography
- Climate
- Water quality (Surface/ Ground)
- Hydro-geological regime
- Air quality
- Noise levels
- Flora and fauna (terrestrial, aquatic)/biodiversity
- Traffic density
- Land use
- Socio- economic conditions
- Habitat
- Health, culture human environment including public health, occupational health and safety
- Sensitive places/ historical monuments
- Aesthetics and visual intrusion
- solid waste from mining and processing operation.

The impact would be anticipated based on experience of similar projects and success of this mine operation during the past and all other points suggested/ prescribed by competent committee of MoEF& CC.

Based on the baseline data quantified and impact predicted, the EMP should include the following details:

i) Study of mine plan prepared for the project.

ii) The baseline data generated and collected as mentions above about present environment scenario.

iii) Identification, prediction and evaluation of anticipated environmental impact due to the proposed mine, related facilities and activities.

iv) EMP for aspects like effluent, solid, hazardous waste etc.

A minimum of following aspects on proposed environmental safeguards and monitoring mechanism would be covered in the EIA report to be prepared.

i) Reclamation of areas disturbed during construction but not required for any activity during operation.

ii) Measures to control the surface and ground water pollution due to various
iii) Effluents to be discharged
iv) Measures to control air pollution due to proposed activities/operation.
v) Green belt development
vi) Measures to control noise pollution and mitigate adverse impact on workers and habitat in core and buffer zone
viii) Pronounce the improvement in socio-economic conditions and benefits to the people on implementation of the project
x) Measures to control health hazard of workers and surrounding population
xi) Total and specific cost of implementation of control measures
xii) Environmental monitoring, implementation organization and feedback mechanism to effect mid course corrections.
xiii) Identification of flora species which can be planted in and around the project
xiv) Mine reclamation activities

(B) TASKS TO BE UNDERTAKEN FOR OBTAINING CONSENT TO ESTABLISHMENT OF INDUSTRIES.

The consent to establish for Meenakshi, Meenakshi-B & Dip side of Meenakshi coal blocks will be taken up. The scope includes the following details:
i) Preparation of Application to OPCB with draft EIA/EMP and submission of the same.
ii) Meeting of Technical Committee of OPCB & making presentation of EIA/EMP
iii) Compliance, if any & submission of revised EIA/EMP
iv) Assist in Grant of Consent to Establishment by OPCB
v) Assist in Grant of Consent to establish for silos/coal loading point for MGR as per guidelines for environmental management in mineral stack yards and railway sidings issued by State Pollution Control Board, Odisha.

(C) TASKS TO BE UNDERTAKEN FOR HYDROLOGY AND HYDRO-GEOLOGY STUDIES
The hydrology and hydro-geological study will be done for the study area comprising of core zone (i.e. Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks and also coal conveyor corridor from the three mine blocks to the loading point of MGR corridor). The scope includes the following details:

i) The hydro-geological study will be based on historical data of stream discharges leading to the determination of water budget for surface/groundwater regime including Pumping Test in the area. Aquifers will be identified with respect to strait graphical sequence. The recharge-discharge of the area and the net flow of the area will be presented.

ii) The report will be based on latest available one-year pre-monsoon and post-monsoon baseline data covering information on groundwater situation, aquifer characteristics and water level conditions. The predicted impact of the project on groundwater regime and detailed remedial / conservation measures such as artificial recharge of groundwater, etc. will also be covered.

iii) The report will be based on actual field inventory out of existing wells, with supplementary information from secondary sources. For estimation of groundwater resource, the designated study area will be sub-divided into command and non-command areas, watershed-wise (in case of hard rock / consolidated formations) / block-wise /mandal-wise in case of alluvial / unconsolidated formations). For estimating ground water resources in the area the latest Ground Water Estimation Committee recommendations will be followed.

(D) TASKS TO BE UNDERTAKEN FOR USE OF GROUND WATER AND SURFACE/SUB-SURFACE WATER

The consultant shall prepare water management plan for the study area comprising core zone (i.e. Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks and also coal conveyor corridor from the three mine blocks to the loading point of MGR corridor) for three coal blocks together will be taken up. The scope includes the following details:

i) Generation of required data, preparation and submission of report as per guidelines of State and Central Government and to provide logistic support for obtaining permission to use ground water for the project from the appropriate authority concerned.

ii) Generation of required data, preparation and submission of report as per guidelines of State and Central Government and to provide logistic support for obtaining permission for drawl of surface/sub-surface water to use for the project from the appropriate authority concerned.

iii) Preparation of Water Management Plan including source, location, suitability of source and quantity available and required.

iv) Impact of mining on hydrology, modification of natural drainage, diversion and channelling, construction of bund/embankment of the existing rivers/water...
courses flowing though the ML and adjoining the lease and the impact on the existing users and impacts of mining operations thereon.

v) Detailed water balance along with flow chart of water use for mining operation should be provided. Treatment of effluents from workshop, township, domestic wastewater, mine water discharge, etc. Details of STP in colony and ETP in mine. Recycling of water to the maximum possible extent.

vi) Source of water for various uses in mine, sanction of the competent authority in the Central Government/State Govt. and impacts vis-a-vis the competing users.

vii) Impact of mining and water abstraction/use in mine on the hydrogeology and groundwater regime within the core zone and 10km buffer zone including long term modelling studies on groundwater regime

(E) TASKS TO BE UNDERTAKEN FOR SOCIAL IMPACT ASSESSMENT STUDIES, PREPARATION OF R&R PLAN AND CSR PLAN

The consultant shall undertake detailed social impact assessment studies, preparation of R&R Plan, CSR Plan in accordance with prevailing National R&R policy/ Government of Odisha R&R policy viz. “ORISSA RESETTLEMENT AND REHABILITATION POLICY-2006” / R&R policy formulated for the project. The consultant should undertake social impact assessment studies for the study area comprising of Meenakshi, Meenakshi-B, and Dipside of Meenakshi Coal Blocks area, MGR corridor for coal transportation, Coal Conveyor corridor and additional area required for township, road, workshop, mine infrastructure etc.

Social impact assessment studies shall be conducted taking note of guidelines issued by Govt. of Odisha for conducting socio economic survey and socio-cultural, resource mapping and infrastructural survey in the project area. Further, the bidder shall ensure that the socio economic survey and socio-cultural, resource mapping and infrastructural survey in the project area is carried out by empanelled agencies of Govt. of Odisha/directives of Government of Odisha. The identified agency for conducting socio economic survey and socio-cultural, resource mapping and infrastructural survey in the project area shall be appointed with the consent of PFCCCL. The bidder shall finalize the socio economic study report in order to expedite EC and other clearance. However, at the time of obtaining approvals for R&R and CSR Plans, the SIA shall be completely updated with the assistance of identified agencies.

The consultant will cover the following aspects in the SIA study:

a) Socio-economic survey / census of the affected people including entitlement matrix

b) General infrastructure survey and resource mapping

c) Cultural property survey / social property survey and social mapping
d) Preparation of village’s profiles and family/individual PAP profile for all the affected villages and families.

e) Details on the land holding house ownership

f) Interest expressed by the displaced and affected families for settling down at Resettlement & Rehabilitation site (in case R&R site is not identified at the time of studies, SIA may be completed in order to expedite EC and other clearances. Subsequently, the information needs to be collected and report needs to be updated)

g) Displacement of human settlements

h) Impact on present status of livelihood area

i) Impact on the cropping pattern and crop productivity in the buffer zone

j) Establish a social-inventory of the affected villages.

k) Impoverishment Risk Analysis of PAP.

l) Identity indicators for monitoring the standard of living of PAP in future.

m) Identify the forest dwellers/forest dwelling schedule tribes/ other traditional forest dwellers as per the “Scheduled Tribes and Other Traditional Forest Dweller (Recognition of Forest Rights) Act, 2006”.

The scope of consultant shall also cover the following aspects in the preparation of R&R Plan & CSR Plan.

i. To prepare an appropriate R&R action plan for the rehabilitation of PAP’s along with various community development activities plan in accordance with National R&R policy/ Government of Odisha R&R policy/ R&R policy formulated for the project, its schedule, Monitoring Indicators, along with Roles and Responsibilities of Key stakeholders.

ii. R&R plan with data on the existing socio-economic status of population in the study area and broad plan for resettlement of the displaced population.

iii. Requirement of Land and identification of R&R Site and Obtaining Revenue Records of R&R site.

iv. Alternate live hood concerns for displaced people, civil and housing amenities to be offered.

v. Schedule for the implementation of the project specific R&R plan
vi. Details of cost estimates (capital and recurring) for project specific R&R plan and monitoring mechanism for implementation of the plan.

vii. Preparation of CSR Plan and Cost Estimate

viii. Approval of R&R plan including CSR plan & budget and R&R sites by Rehabilitation Periphery Development & Advisory Committee of Govt. of Odisha/appropriate authority.

(F) The following maps / toposheets and schematic diagrams are essential for the presentation and the same shall be prepared by the Consultant and arrange for the presentation:

i) Land use maps (1: 50,000 scale) based on recent satellite imagery indicating the topographical and land use features of the study area (10km buffer zone surrounding the core zone) should be furnished. In case of ecologically sensitive areas as defined in the EIA Notification 2006 – Appendix I Form 1 – III Sensitivity of (for e.g. Areas near Wildlife Sanctuaries/Tiger Reserves/National Parks/Archaeological monuments, areas falling near/within elephant habitats/migratory corridors), a 15km map of the buffer zone should be presented. Satellite imagery should also be provided.

ii) Land use Map of the study area (core zone and 10km of the buffer zone) on the topo sheet (1: 50,000 scale) indicating the broad topographical features of the land use (agricultural land, forestland, grazing land, wasteland and surface water bodies) and not based on land ownership of the core zone and buffer zone should be furnished. The maps should also contain the other features such as major roads, Highways, Railway lines, other mines and industries, habitations, etc.

iii) In case the features are not clear in the topo sheet, map of the study area (core zone and buffer zone) superimposed on the topo sheet (1: 50,000 scale) preferably on Computer-Aided-Design (CAD) should be presented.

iv) Landuse map of the coalfield showing major landuse features including forests and drainage and location of project within the coalfield along with locations of other coal mines, main coal transportation routes, etc should be shown.

v) A land use map based on toposheet of the study area (1: 50,000 scale) indicating the hydrological features (rivers, canals, streams, nallas, water tanks, etc.) within the core zone and buffer zone should also be provided.

vi) A more detailed area drainage contour map of the core zone and 2-5 km of the buffer zone (where the water courses of the core zone ultimately join the major rivers/streams outside the lease/project area) should also be clearly indicated in a separate map.

vii) In case of any proposed diversion of nallah / canal/river, the proposed route of diversion/modification of drainage and their realignment, construction of embankment etc. should also be shown (in dotted lines) on the map.
Similarly if the project involves diversion of any road/railway line passing through the ML/ project area, the proposed route of diversion (in dotted lines) and its realignment should be shown.

A separate map of the core zone indicating the proposed locations of quarry area, external OB dumps, and other mining operations should be shown on the map. For projects where the Mining Plan is under finalisation, the progressive mine development and final mine closure plan should also be shown as figures.

A schematic diagram of the route of coal transportation from mine face to end user along with km distance should be shown.

Allocation of non-coal bearing zone should be shown.

**OVERALL RESPONSIBILITY OF THE CONSULTANT**

i) All required assistance by the appointed agency till Consent to Establish and Environment Clearance is received.

ii) Coordinating, attending meetings, conferences making presentations and completing all other activities required for completing the above scope of work.

iii) At each stage, as required and desired by PFCCL, the Consultant would be required to interact, attend review meetings and make presentations to PFCCL / any other agency at a time and place intimated by PFCCL.

iv) Carrying out all related activities required for completion of the assignment.

v) The Bidder shall carry out all the studies as indicated in the scope of work as per the latest rules and regulation/ norms/ amendment/ guidelines whenever issued by the statutory bodies during currency of the contract shall be within the scope of services.

vi) The Consultant shall provide necessary assistance including follow up and also in obtaining the necessary approvals/clearances.

**FOREST CLEARANCE**

A. Preparation of Forest Diversion Proposal (FDP) and Obtaining Forest Clearance (Stage -1 & Stage-2)

The Consultant shall to undertake for preparation of a Complete and Comprehensive Forest Diversion Proposal (FDP) and obtain forest clearance (both stage-1 and stage-2) for the forest area within coal block area of the three coal blocks as well as area outside the coal block area for construction of coal conveyor corridor (from three coal blocks to loading point of MGR Corridor) as per the Forest Conservation Act, 1980/Guidelines/Orders/Circulars with all amendments thereafter, “Scheduled Tribes and Other Traditional Forest Dweller (Recognition of Forest Rights) Act, 2006” and as per
prevailing GOI Guidelines and current practice and procedure applicable under the laws of State of Orissa Forest Dept.

The scope shall include:

i) Bidder to prepare proposal for diversion of forest land as per MOEF& CC Guidelines. Proposal preparation shall include identification of forest land, field survey / enumeration of trees, listing of tree details, collection of consent letter of Village Forest Committee, preparation of village map, location map on toposheet, cost-benefit analysis, NOC from DC for Jungle-Jhari land, settlement of issues pertaining under compliance of FRA – 2006, etc.

iii) The Consultant shall make available the services of the identified personnel as may be required for successful completion of the assignment and or as may be required by PFCCL on specified dates, venues and time in order to meet the obligations of PFCCL.

iv) All claims shall be raised by the Consultant as per the terms of payment after being due, and would be accepted for payment based on satisfactory progress and quality of the work at the sole discretion of the competent authority.

v) In case there is a delay by the Consultant in accomplishing the deliverables which in the opinion of PFCCL is attributable to the Consultant, PFCCL reserves the right to get such specific work(s) done through any other Agency(ies) at the risk and cost of the Consultant for timely completion of the deliverables.
vi) In case the performance of the proposed team member(s) is not satisfactory, the Consultant will be asked to change/replace the team member(s) within three days of receipt of such request from PFCCCL with a member acceptable to PFCCCL.

vii) Bidder may engage a sub-consultant for the performance of any part of the sub-activity, Provided that:

a. That the selection of the Sub-consultant and the terms and conditions of the subcontract shall have been approved in writing by PFCCCL prior to the engagement of the sub-consultant, and

b. That the Consultants shall remain fully liable for the performance of the Services by the Sub-consultant and its Personnel pursuant to this Contract;

viii) PFCCCL reserves the right to cancel the contract at any stage of the work, in case any information given at the time of submission of the bid in respect of team/team member(s) is found to be incorrect.

ix) Given the nature of the work being entrusted, the firm would have to give an undertaking to the effect that the contents/essence of any reference/documents given would not be disclosed to any third person without the express approval of PFCCCL, failing which the engagement of the firm could be terminated.

x) If due to any reason or decision of the Govt/PFCCCL, the Assignment is dropped and the Consultant is directed to discontinue work, the “Drop Dead Fee” would be limited to the payments received by the Consultant and the claims already raised, as per the payment terms relating to the Assignment, till the point of calling off the Assignment or as mutually agreed.

xi) Conflict of Interest: Organizations would not be hired for any work whose interests are in conflict with their prior or current obligations to the other organizations/clients or that may place them in a position of being unable to carry-out the work assigned to them at any point of time during the currency of engagement by PFCCCL or above all enable them to pose a threat to PFCCCL’s consulting business in future. Without limitation on the generality of the foregoing, organisations would not be hired, under the circumstances set forth below:

Organisations who have business or family relationship with member(s) of PFC’s and/or PFCCCL’s employees or persons positioned in or on the Board of these two organisations by whatever process, would not be engaged. A declaration to this effect would be taken from the organisation when being engaged, and if found incorrect, the organisation would be debarred from any further engagement by PFCCCL ever.

xii) The Consultant shall keep PFCCCL, both during and after the term of this Contract, fully and effectively indemnified against all losses, damage, injuries, deaths, expenses, actions, proceedings, demands, costs and claims, including, but not limited to, legal fees and expenses, suffered by PFCCCL or any Third Party, where
such loss, damage, injury or death is the result of a wrongful action, negligence or breach of contract by the Consultant, or the Consultant's personnel, including the use or violation of any copyright work or literary property or patented invention, article or appliance

xiii) EMD received in the designated office after the due time and date mentioned above shall not be considered.

xiv) PFCCL reserve the right to accept or reject all Proposals/Offers or annul the bid Process or modify/ change the content of the bid document without assigning any reason.

xv) PFCCL reserve the right to accept or reject any lower offer and / or split the work between more than one bidder without assigning any reason thereof.

xvi) PFCCL shall not entertain any claim of any nature, whatsoever, including without limitations, any claim of expenses in relation to the preparation, submission or any other activity relating to bidding or any other expense till award of contract.

Yours sincerely,

FOR and on behalf of PFC Consulting Ltd.

Payment to the Consultant shall constitute the Consultant’s only payment in connection with this Contract or the Services, and the Consultant shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Consultant shall use their best efforts to ensure that the Personnel, any Sub-Consultants, and agents of either of them similarly shall not receive any such additional benefits.

5.5 Consultants and Affiliates not to be otherwise interested in Project

The Consultant agrees that, during the term of this Contract, the Consultant, Sub Consultant, Personnel and/or any entity affiliated with the Consultant or Sub-Consultant shall not provide services resulting from or directly related to the Consultant’s Services for the preparation or implementation of the project to any third party. In the event of breach of the aforesaid condition the Owner shall be entitled to disqualify such Consultant or the Sub Consultant or any of their Personnel from providing services to the Owner and further claim damages for breach.

5.6 Prohibition of Conflicting Activities

The Consultant shall not engage, and shall cause their Personnel as well as their Sub-Consultants and their Personnel not to engage, either directly or indirectly, in any business or professional activities which would conflict with the activities assigned to them under this Contract.

5.7 Insurance to be taken out by the Consultant

The Consultant shall take out and maintain, and shall cause its Sub-Consultants to take out and maintain, at their own cost, insurance against risks etc.

5.8 Liability of the Consultants

The Consultant and each of his Members (consultant personnel, sub-consultant, sub-consultant personnel) shall be jointly and severally liable to the Owner for the performance of the Services under this Contract and further for any loss suffered by the Owner as a result of a default of the Consultant or his members in such performance, subject to the following limitations:

(a) The Consultant shall not be liable for any damage or injury caused by or arising out of the act, neglect, default or omission of any persons other than the Consultants, its Sub-consultants or the Personnel of either of them; and

(b) The Consultant shall not be liable for any loss or damage caused by or arising out of circumstances of Force Majeure.
5.9 Consultant Action Requiring Owner's Prior Approval

The Consultant shall obtain the Owner's prior approval in writing before taking any of the following actions:

(a) appointing personnel to carry out any part of the Services, including the terms and conditions of such appointment;

(b) entering into a subcontract with the Sub consultant for the performance of any part of the Services, it being understood:

(i) That the selection of the Sub-consultant and the terms and conditions of the subcontract shall have been approved in writing by the Owner prior to the award of the subcontract, and

(ii) That the Consultants shall remain fully liable for the performance of the Services by the Sub-consultant and its Personnel pursuant to this Contract;

5.10 Reporting Obligations

The Consultant shall submit to the Owner the reports and documents specified in Appendix B hereto, in the form, in the numbers and within the time periods set forth in the said Appendix, including any supporting data required by the Owner.

5.11 Documents Prepared by the Consultants to Be the Property of the Owner

All plans, drawings, specifications, designs, reports and other documents prepared by the Consultants in performing the Services shall become and remain the property of the Owner, and the Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the Owner, together with a detailed inventory thereof.

6.0 CONSULTANTS' PERSONNEL

6.1 Agreed Personnel

The Consultant hereby agrees to engage the personnel and sub-consultants listed by title as well as by name in Appendix C in order to fulfill his contractual obligations under this contract.

6.2 General

The Consultants shall employ and provide such qualified and experienced Personnel as are required to carry out the Services.

6.3 Description of Personnel

(a) The titles, job descriptions, minimum qualifications and estimated period of engagement in the carrying out of the Services of each of the Consultants' Personnel are described in Appendix C.
(b) If required to comply with the provisions of the Contract, adjustments with respect to the estimated periods of engagement of Personnel set forth in Appendix C may be made by the Consultant by written notice to the Owner, provided:

(i) that such adjustments shall not alter the originally estimated period of engagement of any individual by more than 10% or one week, whichever is larger.

(ii) that the aggregate of such adjustments shall not cause payments under this Contract to exceed the ceilings set forth in Clause 8 of this Contract. Any other such adjustments shall only be made with the Owner's written approval.

(c) If additional work is required beyond the scope of the Services specified in Appendix A, the estimated periods of engagement of Personnel set forth in Appendix C may be increased by agreement in writing between the Owner and the Consultants, provided that any such increase shall not, except as otherwise agreed, cause payments under this Contract to exceed the ceilings set forth in Clause 8 of this Contract.

6.4 Removals and/or Replacement of Personnel

a) Except as the Owner may otherwise agree, no changes shall be made in the Personnel. If, for any reason beyond the reasonable control of the Consultants, it becomes necessary to replace any of the Personnel, the Consultants shall forthwith provide as a replacement a person of equivalent or better qualifications.

(b) If the Owner:

i) finds that any of the Personnel has committed serious misconduct or has been charged with having committed a criminal action, or

(ii) has reasonable cause to be dissatisfied with the performance of any of the Personnel,

then the Consultants shall, at the Owner's written request specifying the grounds therefore, forthwith provide as a replacement a person with qualifications and experience acceptable to the Owner.

(c) The new personnel provided as a replacement shall be governed by the same the terms and conditions of employment as the replaced personnel.

Neither party shall be responsible or be liable for, or deemed to be in breach hereof because of any failure or delay in complying with its obligations under or pursuant to this Agreement due to one or more events of Force Majeure or its effects or any combination
thereof, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract. However it is agreed that in no event shall Force Majeure shall exclude any Party’s obligation to pay monies under this Agreement.

11.3 Measures to be taken

(a) A Party affected by an event of Force Majeure or any combination of events shall take all reasonable measures to remove such Party’s inability to fulfill its obligations hereunder with a minimum of delay.

(b) A Party affected by an event or any combination of events of Force Majeure shall notify the other Party of such event as soon as possible, and in any event not later than fourteen (14) days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give notice of the restoration of normal conditions as soon as possible.

(c) The Parties shall take all reasonable measures to minimise the consequences of any event of Force Majeure.

11.4 Extension of Time

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

11.5 Consultation

Not later than thirty (30) days after the Consultant, as the result of an event of Force Majeure, have become unable to perform a material portion of the Services, the Parties shall consult with each other with a view to agreeing on appropriate measures to be taken in the circumstances.

12.0 Amendment/Modification

This Agreement may not be altered, modified, revoked or cancelled in any way unless such alteration, modification or cancellation is in writing and duly signed by or on behalf of the parties which shall not be effective until the consent of the parties has been obtained. However, it is agreed between the parties that each Party shall give due consideration to any proposals for modification made by the other Party.

13.0 Amicable Settlement

The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or the interpretation thereof. Any dispute between the parties as to matters arising pursuant to this Contract which cannot be settled amicably shall be resolved as per the Indian Arbitration Act, 1996 as amended from time to time.
14.0 FAIRNESS AND GOOD FAITH

14.1 Good Faith

The Parties hereunder undertake to act in good faith with respect to their performance, obligations and rights under this Agreement and further undertake, during the tenure of this Agreement, to take all reasonable measures, to ensure the achievement/realization of the objectives of this Agreement.

14.2 Operation of the Contract

The Parties recognize that it is impractical in this Contract to provide for every contingency which may arise during the life of the Contract, and the Parties hereby agree that it is their intention that this Contract shall operate fairly as between them, and without detriment to the interest of either of them, and that, if during the term of this Contract either Party believes that this Contract is operating unfairly, the Parties will use their best efforts to agree on such action as may be necessary to remove the cause or causes of such unfairness, but on failure to agree on any action pursuant to this clause shall give rise to a dispute subject to arbitration in accordance with clause 18 hereof.

15.0 Taxes and Duties/Change in Law

It is hereby agreed between the parties that the Consultant and its personnel shall pay the taxes, duties, fees, levies and other impositions levied under the existing, amended or enacted laws during life of this contract and the Owner shall deduct the taxes, duties and levy whatsoever as may be lawfully imposed.

16.0 Confidentiality

The Consultant, their Sub-consultants and the Personnel of either of them shall not, either during the term or within two (2) years after the expiration of this Contract, disclose any proprietary or Confidential Information relating to the Project, Services, under this Contract or any information pertaining to the Owner's business or operations without the prior written consent of the Owner.

17.0 Law Governing Contract

This Agreement, its meaning and interpretation, and the relation between the Parties shall be governed by Indian Laws or any statutory modifications thereof, and shall be subject to the exclusive jurisdiction of the Courts of Delhi in any matter arising under this Agreement and or in matters pertaining to the conduct of arbitration, enforcement of the award or obtaining of interim relief(s) etc.

18.0 Settlements of Disputes/Arbitration

18.1 The parties shall endeavor to resolve amicably, in the first instance, all disputes, controversies or differences which may arise between the Parties, out of or in relation to or in connection with this Agreement, or for breach thereof.
18.2  In the event, the parties are unable to resolve such dispute/difference amicably within **ninety (90)** days after the same has arisen then the dispute shall be referred to arbitration in accordance with the Rules of Arbitration of the Indian Council of Arbitration and such arbitration shall be conducted in accordance with the rules of ICA. The place of arbitration shall be New Delhi or any other place mutually agreeable by the parties and the language of arbitration shall be English.

The Arbitration shall be conducted by panel of 3 Arbitrators, one to be appointed by each party and third Arbitrator to be appointed by two Arbitrators as the Chairman of the Tribunal.

The Parties agree that the arbitrator’s decision shall be final and conclusive. The costs of arbitration (including without limitation, those incurred in the appointment of the arbitrators) shall be borne equally by the Parties hereto; however each Party shall pay its respective legal charges. The Award shall be final and binding and non-appeal able. Judgment on the award may be entered and enforced in any court of competent jurisdiction. By Odisha and delivery of this Agreement, each Party agrees and consents to the jurisdiction of the aforesaid arbitration panel and solely for the purpose of enforcement of an arbitral award, as referred to hereinabove, in any court of competent jurisdiction for itself and in respect of its property and waives in respect of both itself and its property, any defense it may have to or based on sovereign immunity, jurisdiction, improper venue or inconvenient forum.

Form – 12: SPECIAL INSTRUCTIONS TO BIDDERS FOR E-TENDERING

General
The Special Instructions (for e-Tendering) supplement ‘Instruction to Bidders’, as given in this Tender Document. Submission of Online Bids is mandatory for this Tender. E-Tendering is a new methodology for conducting Public Procurement in a transparent and secured manner. Now, the Government of India has made e-tendering mandatory. Suppliers/Vendors will be the biggest beneficiaries of this new system of procurement. For conducting electronic tendering, PFC Consulting Ltd. has decided to use the portal https://www.tcil-india-electronic tender.com through TCIL, a Government of India Undertaking. This portal is based on the world’s most ‘secure’ and ‘user friendly’ software from Electronic Tender. A portal built using ElectronicTender’s software is also referred to as ElectronicTender System (ETS). Benefits to Suppliers are outlined on the Home-page of the portal.

Instructions

    (Only for Technical Responsive Bidders)

For participating in this tender online, the following instructions are to be read carefully. These instructions are supplemented with more detailed guidelines on the relevant screens of the ETS.

Digital Certificates

For integrity of data and authenticity/non-repudiation of electronic records, and to be compliant with IT Act 2000, it is necessary for each user to have a Digital Certificate (DC) also referred to as Digital
Signature Certificate (DSC), of Class 2 or above, issued by a Certifying Authority (CA) licensed by Controller of Certifying Authorities (CCA) [refer http://www.cca.gov.in].

Registration

To use the ElectronicTender® portal https://www.tcil-india-electronic tender.com vendors need to register on the portal. Registration of each organization is to be done by one of its senior persons who will be the main person coordinating for the e-tendering activities. In ETS terminology, this person will be referred to as the Super User (SU) of that organization. For further details, please visit the website/portal, and click on the ‘Supplier Organization’ link under ‘Registration’ (on the Home Page), and follow further instructions as given on the site. Pay Annual Registration Fee as applicable.

After successful submission of Registration details and Annual Registration Fee, please contact TCIL/ETS Helpdesk (as given below), to get your registration accepted/activated.

Important Note: To minimize teething problems during the use of ETS (including the Registration process), it is recommended that the user should peruse the instructions given under ‘ETS User-Guidance Center’ located on ETS Home Page, including instructions for timely registration on ETS. The instructions relating to ‘Essential Computer Security Settings for Use of ETS’ and ‘Important Functionality Checks’ should be especially taken into cognizance.

Please note that even after acceptance of your registration by the Service Provider, to respond to a tender you will also require time to complete activities related to your organization, such as creation of users, assigning roles to them, etc.

Some Bidding related Information for this Tender (Sealed Bid)

The Bidder has to submit Bid document by **May 30, 2015 till 15:00 Hrs (IST)** online on TCIL portal. The entire bid-submission would be online on ETS. Broad outline of submissions are as follows:

- Submission of Bid-Parts
  - Technical Part
  - Financial Part
• Submission of digitally signed copy of entire Tender Documents/Addendum

Offline Submissions:

No offline submission is required.

*Note: The Bidder should also upload the scanned copies of all the documents as Bid-Annexure during Online Bid-Submission.*

**Special Note on Security and Transparency of Bids**

Security related functionality has been rigorously implemented in ETS in a multidimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Specifically for Bid Submission, some security related aspects are outlined below:

As part of the Electronic Encrypted functionality, the contents of both the 'Electronic Forms' and the 'Main-Bid' are securely encrypted using a Pass-Phrase created by the Bidder himself. Unlike a ‘password’, a Pass-Phrase can be a multi-word sentence with spaces between words (e.g. I love this World). A Pass-Phrase is easier to remember, and more difficult to break. It is recommended that a separate Pass-Phrase be created for each Bid-Part. This method of bid-encryption does not have the security and data-integrity related vulnerabilities which are inherent in e-tendering systems which use Public-Key of the specified officer of a Buyer organization for bid-encryption. Bid-encryption in ETS is such that the Bids cannot be decrypted before the Public Online Tender Opening Event (TOE), even if there is connivance between the concerned tender-opening officers of the Buyer organization and the personnel of e-tendering service provider.

CAUTION: All bidders must fill Electronic Forms for each bid-part sincerely and carefully, and avoid any discrepancy between information given in the Electronic Forms and the corresponding Main-Bid. For transparency, the information submitted by a bidder in the Electronic Forms is made available to other bidders during the Online Public TOE. If it is found during the Online Public TOE that a bidder has not filled in the complete information in the Electronic Forms, the TOE officer may make available for downloading the corresponding Main-Bid of that bidder at the risk of the bidder. If variation is noted between the information contained in the Electronic Forms and the ‘Main-Bid’, the contents of the Electronic Forms shall prevail. Alternatively, **PFC Consulting Ltd.** reserves the right to consider the higher of the two pieces of information (e.g. the higher price) for the purpose of short-listing, and the lower of the two pieces of information (e.g. the lower price) for the purpose of payment in case that bidder is an awardee in that tender.

Typically, ‘Pass-Phrase’ of the Bid-Part to be opened during a particular Public Online Tender Opening Event (TOE) is furnished online by each bidder during the TOE itself, when demanded by the concerned Tender Opening Officer.

The bidder shall make sure that the Pass-Phrase to decrypt the relevant Bid-Part is submitted into the ‘Time Locked Electronic Key Box (EKB)’ after the corresponding deadline of Bid Submission, and before the commencement of the Online TOE. The process of submission of this Pass-Phrase in
the ‘Time Locked Electronic Key Box’ is done in a secure manner by first encrypting this Pass-Phrase with the designated keys provided by the PFC Consulting Ltd.

There is an additional protection with SSL Encryption during transit from the client-endcomputer of a Supplier organization to the e-tendering server/ portal.

**Public Online Tender Opening Event (TOE)**

ETS offers a unique facility for ‘Public Online Tender Opening Event (TOE)’. Tender Opening Officers, as well as, authorized representatives of bidders can simultaneously attend the Public Online Tender Opening Event (TOE) from the comfort of their offices. Alternatively, one/ two duly authorized representative(s) of bidders (i.e. Supplier organization) are requested to carry a Laptop with Wireless Internet Connectivity, if they wish to come to **PFC Consulting Ltd.** office for the Public Online TOE.

Every legal requirement for a transparent and secure ‘Public Online Tender Opening Event (TOE)’, including digital counter-signing of each opened bid by the authorized TOE-officer(s) in the simultaneous online presence of the participating bidders’ representatives, has been implemented on ETS.

As soon as a Bid is decrypted with the corresponding ‘Pass-Phrase’ as submitted online by the bidder himself (during the TOE itself), salient points of the Bids (as identified by the **PFC Consulting Ltd.**) are simultaneously made available for downloading by all participating bidders. The tedium of taking notes during a manual ‘Tender Opening Event’ is therefore replaced with this superior and convenient form of ‘Public Online Tender Opening Event (TOE)’.

ETS has a unique facility of ‘Online Comparison Chart’ which is dynamically updated as each online bid is opened. The format of the chart is based on inputs provided by the Buyer for each Bid-Part of a tender. The information in the Comparison Chart is based on the data submitted by the Bidders. A detailed Technical and/ or Financial Comparison Chart enhance Transparency. Detailed instructions are given on relevant screens.

ETS has a unique facility of a detailed report titled ‘Minutes of Online Tender Opening Event (TOE)’ covering all important activities of ‘Online Tender Opening Event (TOE)’. This is available to all participating bidders for ‘Viewing/Downloading’.

There are many more facilities and features on ETS. For a particular tender, the screens viewed by a Supplier will depend upon the options selected by the concerned Buyer.

**Other Instructions**

For further instructions, the vendor should visit the home-page of the portal [https://www.teil-india-electrontic tender.com](https://www.teil-india-electrontic tender.com), and go to the **User-Guidance Centre**.

The help information provided through ‘ETS User-Guidance Centre’ is available in three categories – Users intending to Register / First-Time Users, Logged-in users of Buyer organizations, and Logged-in users of Supplier organizations. Various links (including links for User Manuals) are provided under each of the three categories.
Important Note: It is strongly recommended that all authorized users of Supplier organizations should thoroughly peruse the information provided under the relevant links, and take appropriate action. This will prevent hiccups, and minimize teething problems during the use of ETS.

SIX CRITICAL DO’S AND DON’TS FOR BIDDERS

Specifically for Supplier organizations, the following 'SIX KEY INSTRUCTIONS for BIDDERS' must be assiduously adhered to:

1. Obtain individual Digital Signing Certificate (DSC or DC) well in advance of your first tender submission deadline on ETS
2. Register your organization on ETS well in advance of the important deadlines for your first tender on ETS viz ‘Date and Time of Closure of Procurement of Tender Documents’ and ‘Last Date and Time of Receipt of Bids’. Please note that even after acceptance of your registration by the Service Provider, to respond to a tender you will also require time to complete activities related to your organization, such as creation of users, assigning roles to them, etc.
3. Get your organization's concerned executives trained on ETS well in advance of your first tender submission deadline on ETS
4. Submit your bids well in advance of tender submission deadline on ETS (There could be last minute problems due to internet timeout, breakdown, etc.)
5. It is the responsibility of each bidder to remember and securely store the Pass-Phrase for each Bid-Part submitted by that bidder. In the event of a bidder forgetting the Pass-Phrase before the expiry of deadline for Bid-Submission, facility is provided to the bidder to ‘Annul Previous Submission’ from the Bid-Submission Overview page and start afresh with new Pass-Phrase(s)
6. ETS will make your bid available for opening during the Online Public Tender Opening Event (TOE) ‘ONLY IF’ your ‘Status pertaining Overall Bid-Submission’ is ‘Complete’. For your record, you can generate and save a copy of ‘Final Submission Receipt’. This receipt can be generated from 'Bid-Submission Overview Page' only if the ‘Status pertaining overall Bid-Submission’ is ‘Complete’.

NOTE:

While the first three instructions mentioned above are especially relevant to first-time users of ETS, the fourth, fifth and sixth instructions are relevant at all times.

Minimum Requirements at Bidder’s End

- Computer System with good configuration (Min PIV, 1 GB RAM, Windows 7 or above)
- Broadband connectivity
- Microsoft Internet Explorer 6.0 or above
- Digital Certificate(s)
